Part Numbers & Quantities Returned

Reason for Returning the Goods

Additional Information

A re-stocking charge of 25% of the value of the returned goods will be charged for any unwanted goods.

Any products returned due to the item being faulty will be checked by our technical department and a full refund paid if the goods are found to be faulty. No refund will be paid if the goods are found to have been damaged at the installation stage.

The Fase Reference Number is the Fase reference number for this sale. This number can be found in the email correspondence for this order. This is 8 to 10 characters in length and made up of random characters.
